FELLOWSHIPS FOR MASTER'S STUDIES IN *MATHEMATICS AND APPLICATIONS*, 2019-20

The Department of Mathematics offers up to 4 fellowships to cover tuition for the Master's Program in Pure and Applied Mathematics at the Universidad Autónoma de Madrid, under the following conditions:

Funding of up to 4 fellowships: The recipients will receive a tuition waiver (or reimbursement) for the program. These fellowships will be sponsored by the funds from the Mathematics Department.

Aims and conditions: Recipients must enroll in Master's Degree Program in Mathematics and Applications and complete the 60 credits during the academic year 2019-20.

Eligibility: Applicants are required to hold an undergraduate degree in Mathematics (or equivalent) or to be in the last year of their undergraduate studies of Mathematics (in which case these studies must be completed by September 2019). The applicants are also required to have an equivalent of the Spanish GPA of at least 7.5 on the scale from 5 to 10.

Profile: The fellowships are aimed at students in Mathematics with an excellent academic record. Double majors or higher degree studies and awards will be valued positively. Applicants should include the list of all Mathematics courses taken during their undergraduate studies, together with the grades obtained. Having a reference letter from a faculty member of their Departments is also advisable.

Selection procedure: The Graduate Studies Committee of the Department of Mathematics of UAM will select the top candidates and reserves on the basis of their academic record.

Application Deadlines: Applications for these fellowships should be submitted from the publication date to June 21st, 2019 to the following e-mail address: coordinador.master.matematicas@uam.es (please indicate "application - master's degree fellowship" as subject). The application form can be found at the Department's homepage: http://matematicas.uam.es . The applicants are also required to request admission to the Program officially through the online application of the Center for Graduate Studies (CEP) during the first admission period and, in any case, by June 21, 2019.

Decision: The final decision will be announced before June 28th, 2019 on the Department's website http://matematicas.uam.es . The successful applicants are required to send within 14 days after this announcement a letter of acceptance -with the signed acceptance form attached- via e-mail to the Master's Program coordinator: coordinador.master.matematicas@uam.es.

Appeals: Allegations will only be considered if submitted within 10 days from the publication of the results of the contest, by e-mail to the same address coordinador.master.matematicas@uam.es indicating "appeal - master's degree fellowship" in the subject of the message.
